- 2 year warranty

IMPORTANT SAFEGUARDS

Important Notices:

When using an electrical appliance, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury, including the following:

1. Read all instructions before using.
2. Remove all packing material and carefully check your ice maker to ensure it is in good condition and that there is no damage to the ice maker or power cord and plug.
3. Before using the Ice maker for the first time, please wait 2 hours after positioning it, and keep the transparent lid open for at least 2 hours.
4. Pure water is not allowed to be used on this unit, spring water is recommended.
5. Ensure the voltage is compliant with the voltage range stated on the rating label, and ensure the earthing of the socket is in good condition.
6. If the supply cord is damaged, it must be replaced by the manufacturer or its service agent or a similarly qualified person to avoid a hazard.
7. Do not incline it over a 45° angle.
8. To protect against risk of electric shock, do not pour water on cord, plug and ventilation, immerse the appliance in water or any other liquid.
9. Unplug the appliance after using or before cleaning.

10. Keep the appliance 15cm from other objects to ensure the good heat releasing.
11. Do not use the accessories which are not recommended by Manufacturer.
12. This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision. Children should be supervised to ensure that they do not play with the appliance.
13. Do not use the appliance close by flames, hot plates or stoves.
14. Do not switch on the power button frequently (ensure 5 min. interval at least) to avoid the damage of compressor.
15. Metal sheet or other electric objects are not allowed to be inserted into the appliance to avoid fire and short circuit.
16. Do not use outdoors.
17. Never clean with scouring powders or hard implements.
18. Please keep the instruction manual.
19. Warning: Do not store explosive substances such as aerosol cans with a flammable propellant in this appliance.

20. This appliance is intended to be used in household and similar applications such as

- staff kitchen areas in shops, offices and other working environments;
- farm houses and by clients in hotels, motels and other residential type environments;
- bed and breakfast type environments;
- catering and similar non-retail applications.

21. The refrigerant and insulation blowing gas is flammable, when disposing of the appliance, do so only at an authorized waste disposal center. Do not expose to flame.

22. Caution: Flammable refrigerant used! When handling, moving and use of the ice maker, make sure to avoid either damaging the refrigerant tubing, or increasing the risk of a leak.

23. The ice maker is to be installed in accordance with the Safety Standard for Refrigeration Systems, ASHRAE 15.

24. The ice maker shall not be installed in corridors or hallways of public buildings.

PARTS DIAGRAM

HOW TO OPERATE

1. Make sure the unit is unplugged. Place Unit on clean, dry surface.
2. Place Ice Shaving Chamber in Main body and ensure it is seated on the shaft.

(Figure 1)

Figure 1

3. Twist the shaft in direction of arrow to lock into position. (Figure 2)

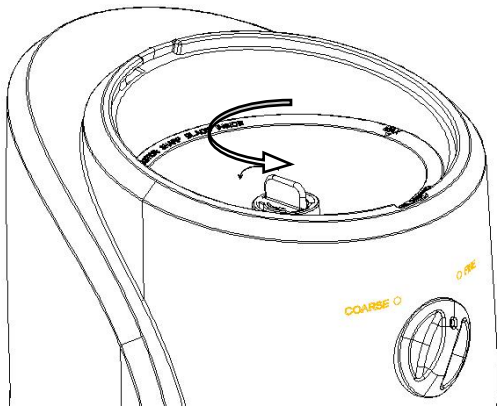

Figure 2

4. Place the Mixing Paddle in Bowl.
5. If mixing shaved ice with other ingredients, place ingredients in bowl.

NOTE: Use serving size markings as a guide for appropriate ice and liquid levels. For a large or small serving, fill the ice and liquid to the level indicated on the bowl.

1. Slide Bowl into groove on main body and turn clockwise until it stops. This will allow the Mixing Paddle to mix ice and ingredients once operation begins. (Figure 3)

Figure 3

2. Turn Selector knob to desired setting. Fine setting produces finer ice. Coarse Cone setting produces coarser ice.
3. Place ice in Ice Shaving Chamber. Do not shave ice above MAX line.
4. Plug cord into outlet.
5. Place Lid on Main body and turn counterclockwise to engage the interlock switch (Power On/Off). The unit will start and begin to shave ice. (Figure 4)

Figure 4

WARNING

Cut Hazard

1. Avoid contact with Shaving Blade.
2. Do not use if Shaving Blade is loose, cracked, bent or damaged
3. Turn Lid clockwise to stop.
4. To remove Bowl, turn counterclockwise, slide out and serve.

CLEANING AND MAINTENANCE

1. Clean the inner liner, ice collecting tray, water box, ice shovel and evaporator frequently. When cleaning, unplug the unit and remove the ice cubes. Use a diluted solution of water and vinegar to clean the inside and the outside surface of the Ice maker. Do not spray Ice maker with chemicals or diluted agents such as acids, gasoline or oil. Rinse thoroughly before starting.
2. Keep ventilation openings in the appliance enclosure, or in the built-in structure, clear of obstruction. Do not use mechanical devices or other means to accelerate the defrosting process, other than those recommended by the manufacturer.
3. To ensure the cleanness of ice, please change water for water reservoir at least once one day. If do not use for a long time, please drain the water out and clean it up.
4. If the compressor takes a strike action for shortage water, fully water or interruption of power supply, it will delay for 3mins to start up after restarted.
5. Always use fresh water before starting ice production either at initial installation or after a long shut-off period.

STORING THE APPLIANCE

- Unplug the unit from the wall outlet and clean all the parts as instructed above. Ensure that all parts are dry before storing.
- Store the appliance in its box or in a clean, dry place.
- Never store the appliance while it is still wet or dirty.
- Never wrap the power cord around the appliance. Do not store the appliance with the thermostat control/ probe inserted in the unit, always unplug it. Ensure the thermostat control/ probe is stored in a safe place where it will not be dropped, bumped or damage

SERVICING THE APPLIANCE

There are no user serviceable parts in this appliance. If the unit is not operating correctly, please check the following:

- You have followed the instructions correctly
- That the unit has been wired correctly and that the wall socket is switched on.
- That the mains power supply is ON.
- That the plug is firmly in the mains socket.

If the appliance still does not work after checking the above:

Consult the retailer for possible repair or replacement. If the retailer fails to resolve the problem and you need to return the appliance, make sure that:

- The unit is packed carefully back into its original packaging.
- Proof of purchase is attached.
- A reason is provided for why it is being returned.

If the supply cord is damaged, it must be replaced by the manufacturer or an authorised service agent, to avoid any hazard. If service becomes necessary within the warranty period, the appliance should be returned to an approved Home of Living Brands (Pty) Ltd service centre. Servicing outside the warranty period is still available, but will, however, be chargeable.

CHANGING THE PLUG

Should the need arise to change the fitted plug, follow the instructions below.

This unit is designed to operate on 230V-240V current only. Connecting to other power sources may damage the appliance. Connect a three-pin plug as follows:

The wires in this mains lead are coloured in accordance with the following code:

Green/Yellow = Earth

Blue = Neutral

Brown = Live

According to the Waste of Electrical and Electronic Equipment (WEEE) directive, WEEE should be separately collected and treated. If at any time you need to dispose of this product, please do NOT dispose of this product with household waste. Please send this product to WEEE collecting points where available.

**PLEASE AFFIX YOUR PROOF OF PURCHASE/RECEIPT HERE
IN THE EVENT OF A CLAIM UNDER WARRANTY THIS RECEIPT MUST BE PRODUCED.**

2 YEAR WARRANTY

WARRANTY AND EXTENDED WARRANTY

1. Home of Living Brands (Pty) Limited ("Home of Living Brands") warrants to the original purchaser of this product ("the customer") that this product will be free of defects in quality and workmanship which under normal personal, family or household use and purpose may manifest within a period of 1 (one) year from the date of purchase ("warranty period").
2. Home of Living Brands shall extend the warranty period for a further period of 1(one) year ("extended warranty period"), on condition that the purchaser registers the product on the website, within 12 months from the date of purchase of the product. The website address for registration is as follows: <http://russellhobbs.co.za/info-pages/warranty-info.aspx>. The extended warranty period only applies to products purchased on or after 1 October 2017.
3. Where the customer has purchased a product and it breaks, is defective or does not work properly for the intended purpose, the customer must notify the supplier from whom the customer bought the product ("the supplier") thereof within the warranty period or if applicable, the extended warranty period. Any claim in terms of this warranty must be supported by a proof of purchase. If proof of purchase is not available, then repair, and/or service charges may be payable by the customer to the supplier.
4. The faulty product must be taken to the supplier's service centre to exercise the warranty.
5. The supplier will refund, repair or exchange the product in terms of this warranty subject to legislative requirements. This warranty shall be valid only where the customer has not broken the product themselves, or used the product for something that it is not supposed to be used for. The warranty does not include and will not be construed to cover products damaged as a result of disaster, misuse, tamper, abuse or any unauthorised modification or repair of the product.
6. This warranty will extend only to the product provided at the date of the purchase and not to any expendables attached or installed by the customer.
7. If the customer requests that the supplier repairs the product and the product breaks or fails to work properly within 3 (three) months of the repair and not as a result of misuse, tampering or modification by or on behalf of the customer, then the supplier may replace the product or pay a refund to the customer, subject to the supplier's discretion.
8. The customer may be responsible for certain costs where products returned are not in the original packaging, or if the packaging is damaged. This will be deducted from any refund paid to the customer.
